Description: This project aims to involve about 100 European volunteers over 2 years in support of social animation activities to foster the welfare of communities in the 3 Regions that affect the Earthquake of 2016 (Umbria, Abruzzo and Marche Regions).

Vicolocorto is the coordinator of the volunteers hosted in Marche Region and we expect 20 volunteers in 2 rounds (the first was from November 2018 to April 2019, the **second from 7th May to 6th November 2019**) in several different Red Cross Local Committees in the cities of Ancona (AN), Cingoli (MC), Marotta (PU), San Severino Marche (MC).

Partners of this project are: Municipality of Pescara (Abruzzo Region), Vicolocorto (Marche Region) and Kora (Umbria Region).

Hosting Organisations: The Croce Rossa Italiana is part of the International Red Cross Movement, whose main aim is to alleviate the suffering of those in crisis, regardless the ground of their discomfort.

At national level Croce Rossa Italiana involves almost 140.000 active members, operating through a network of local Committees that can better address the needs emerging from each and every community.

The Local Committees in Marche Region are supported by local volunteers active in the fields of: social assistance, medical support, emergency response, first aid, training, refugees services.

The services implemented within each operative area address the most vulnerable members of the local community, in particular elderly, sick, people at risk of exclusion and refugees. These services are complemented with activities of fundraising, awareness and sensibilization campaigns and initiatives which can allow the hosted volunteers to gain a 360° learning experience in both operational and planning tasks.

How to apply: Interested candidates need to send an updated CV and a cover letter related to the project (both in English) to candidates@vicolocorto.org with subject "Application Red Cross Strategic EVS" adding the Sending Organisation's details in the email text. The candidate can apply for one or more local committees options.
